

# Financial Management Network

## for Not For Profit Agencies

**Communities@Work is establishing a new Financial Management Network. This is in response to ideas and suggestions from community sector colleagues.**

The purpose of the Network is to provide finance professionals and senior managers from the not for profit sector with a forum for information exchange, professional development and discussion of mutual challenges.

The Network will meet quarterly at a central location. Expert speakers will be invited to address the group on topical issues and trends in financial management in the not for profit sector.

Find out more about this new networking and professional development opportunity.

**Register your interest at the Conference Reception Desk or send an email to:**

**Samantha Brady**  
Chief Financial Officer
