

# Kambah Child Care & Education Centre Testimonials

## Read testimonials from children, staff and families about Kambah Child Care and Education Centre:

### Children:

"My favourite part of Child Care is the home corner". *Elise, age 4*

"I love Child Care". *Jack, age 2*

"I like to colour in, play restaurants with slippers on. I also like being the chef and counting in Spanish, uno, dos, tres, quattro, cinco. *Isabella, age 4*

"The best thing about Child Care is Becca (Preschool Room Leader)" *Meredith, age 3*

### Staff:

"I love coming to work every day and watching the children learn and grow. It is amazing how quickly they all pick up on new things and the joy they get from learning. I believe it is important to provide an environment that values children's achievements, creativity and knowledge. By creating relationships built on trust and mutual respect, the children here at Kambah are given the opportunity to express themselves freely and safely.

Children are encouraged to learn and we scaffold their learning so they may continue to develop and reach their full potential. *Rebecca Adams, Preschool Room Leader*

### Families:

We moved to Canberra 4 years ago. At the time our oldest was 10 months old. Now we have 3 daughters who are 4½ yrs, 3 yrs and 3 months. The two eldest have been attending the Kambah Centre for 2 days a week over the last 2 years. Our little new born will go in a few months. Our daughters have been very happy to attend the centre ... often saying "Hello" from the top of the stairs from the car park down into the playground to all the children and staff. We have found a real personal connection with staff at the centre, who are dedicated to providing an educational and creative environment for the well being of our daughters. One of the greatest memories I think we will have of the centre is not only the staff's friendliness but the exposure to another language. Our eldest, Isabella has found a love in learning Spanish. We are so proud of her and so happy the centre has embraced such a wonderful thing. Thank you to all the staff at Kambah for the input into our daughters' social, creative and educational development.
